Harvest Partners Connections

Greetings from Belarus!

We are living in uncertain times. In our country, we do not have a quarantine. People are going to work and to schools. However, many people have lost their jobs and are staying home because of the virus. Thankfully, we still have groceries at the stores.

We are holding our church services online now. Every evening at 8 pm the whole church is praying together. We encourage this so that families and the church will be united. Another thing the whole church is doing is reading together from the same Bible plan app where they are able to leave their comments about what they read. People also write their needs there and we all pray together for those. We are thanking God that all our church members are healthy right now.

We are praying for our country and for the whole world every day.
